Hi Bob,

I had a few edits that I didn't get in, so I'm making some edits and will send the powerpoint back soon. I'm adding EPA logo on the slides, so we won't need the word document.

Thanks,
Erik

Erik,

I took the liberty of adding the content of your report to the title slide I was planning to display during your talk and attached the file. I would advance the slides on your direction. We should be able to add the Word document to the meeting webpage in time for the attendees to reference.

Would that work for you?

Thanks for your involvement!

Hi Erik/Carrie –

I wanted to confirm this data and time for the SAN TIM. We are still working on the webinar part but I'll send you both a hold invite so it's on your calendar.

Erik, would you like to re-use the slide from DFW TIM for your update?

Please let me know if you have any questions.

Thanks,
Shantha

Erik,

The TCEQ needs to reschedule the San Antonio Technical Information meeting originally scheduled for July 8. The desired new date has not been determined.

Please send me a list of weekdays July 9 through July 30 on which you will NOT be available from 1-4pm Central.

Thank you.
